

# MONKEY MANIA NUMBERS

## Workbox Numbers

These numbers were created to be used as box numbers for the workbox system.

I suggest you print these on card stock and laminate before attaching velcro. Use a bit of sandpaper on the back where you plan to stick the velcro prior to sticking it and you'll have better luck with it staying on!

I hope you enjoy these! If you use these numbers, I'd love to see them! Send in a picture of your workboxes with these numbers on them to [wedidit@LittleLearningLovies.com](mailto:wedidit@LittleLearningLovies.com)
